

Resort Country Club Manesar Joins WorldHotels™ Distinctive Collection

India's First Hotel to Enter the Prestigious Global Portfolio

29th January 2025 | New Delhi, India

Resort Country Club Manesar proudly announces its association with **WorldHotels™ Distinctive Collection**, marking a historic milestone as **the first hotel in India** to join this celebrated global brand of independent lifestyle hotels. This strategic alignment places Resort Country Club Manesar among a curated portfolio of distinctive properties worldwide, each known for its individuality, sense of place, and thoughtfully delivered experiences. The association reflects a shared philosophy, where authenticity meets global standards and every stay feels deeply personal.

A Design-Led Resort Rooted in Place

Located in **Panchgaon, Manesar**, the 115-key resort offers a rare combination of scale, openness and calm within easy reach of Delhi NCR's commercial and cultural hubs. The property has been designed as a lifestyle destination rather than a conventional hotel, balancing leisure, business travel and large-scale celebrations across expansive indoor and outdoor venues.

Recent refurbishments and upgrades include:

- Newly refurbished rooms and suites, including options with private courtyards and plunge pools
- Reimagined pool and poolside food & beverage areas, designed as relaxed social spaces, versatile banquet and event venues, ranging from refined indoor halls to open-air settings within landscaped greens.

Sustainability has been central to the resort's transformation. Recent upgrades include a 170 kW rooftop solar farm, along with integrated rainwater harvesting and water management systems that support landscaping and groundwater recharge. Thoughtful lighting design across the property minimises light pollution, with locally sourced materials and construction practices reinforcing a long-term, low-impact approach to hospitality.

Looking ahead, guests can expect the introduction of:

- **Signature dining concepts** inspired by local flavours and global culinary influences
- A **wellness sanctuary** featuring spa therapies, fitness facilities and holistic treatments

WorldHotels™ Distinctive: Celebrating the Soul of Every Destination

WorldHotels™ Distinctive Collection brings together independent hotels that stand apart properties defined by character, inviting atmospheres and genuine hospitality. Each hotel tells a story rooted in its surroundings, offering guests meaningful connections and memorable stays beyond the ordinary.

By joining this collection, Resort Country Club Manesar strengthens its commitment to creating authentic, experience-led hospitality while benefiting from WorldHotels™ global recognition and reach.

Leadership Perspectives

“Joining the WorldHotels™ Distinctive Collection is a natural next step for us,” said **Usha Goel, Owner, Resort Country Club Manesar**. “Our focus has always been on creating places that feel grounded, personal and thoughtfully designed. This partnership recognises that approach where luxury is defined by experience and genuine connection to place.”

Commenting on the association, **Atul Jain, COO – BWH India & South Asia**, shared, “Resort Country Club Manesar perfectly embodies the ethos of WorldHotels™ Distinctive. Its induction marks a significant moment for India, highlighting our commitment to showcasing exceptional independent hotels on a global stage. What truly sets the resort apart is its strong focus on ESG-led practices, sustainability and organic farming, creating a lifestyle destination rooted in responsible luxury. Together, we are building an experience that celebrates individuality, craftsmanship and responsible, conscious living.”
